

Barcelona, March 2013

Dear members & friends,

I would like to invite you to our 5th EMEA Conference to be held in London next 17 May.

Again the conference is an ideal opportunity for existing Antea members to meet and network with fellows who you may have met at previous events. It also provides a very useful introduction for new members and guest to the work of ANTEA and the benefits of joining.

Among other things, we will discuss about the significant challenges that we are all facing in these uncertain times and how we deal with changes in a positive way improving the quality of our services.

I would like to take this opportunity to express my appreciation to the host member who has contributed his time and enthusiasm to make this conference a success!

I do hope that you will enjoy the conference and your stay and the many sights and London attractions, and will build new and productive collaborative links...see you there!

With kind regards,

Antoni Gómez Valverde
Chairman
