

Barcelona, March 2012

Dear members and friends,

It is a true pleasure to invite you to join us this year in Milan on May 18, 2012.

This is our 4th EMEA conference and we expect attendance this year higher than previous editions. New members and relevant guest are expected to attend.

We are focused on delivering a program that dives into timely issues impacting our profession now and into the future. The program is currently evolving, but concurrent sessions will focus on topics including:

- Impact on audit activities of the EU Directive proposal 2011/0308.
- Experiences and opportunities on public sector.
- Common topics on tax.

And this event is not simply a debate. We aim delegates to leave the conference inspired with new ideas and contacts and with practical actions you can take away!

This conference promises to be an excellent opportunity to exchange information, to discuss professional issues and to get to know each other better.

On top of a working programme, sightseeing of the hosting city is an added value. We would like to thank the local member for all their hard work in assisting and organising this conference, social activities programmed will provide a great opportunity to enjoy the Bella Milan!

Then, we invite you to participate in what we anticipate to be a stimulating conference...we very much look forward to seeing you there!

With kind regards,

Antoni Gómez Valverde
Chairman
