Leading Professional Services... across South East Europe & East Mediterranean

Eurofast highlights its services on its anniversary in Tirana

Eurofast Global Albania organized a cocktail reception on Wednesday, June 22nd, 2011, on the occasion of its anniversary at the Rogner Hotel in Tirana.

Representatives from the diplomatic corps, including the Macedonian and Egyptian Ambassadors, Vele Trpevski and Amina Imam Goma respectively, the Serbian and Greek Counsellor for Economic and Commercial Affairs, Milan Zivkovic and Chrysanthi Passadi as well as members from the Greek and American Chamber of Commerce and media were present to celebrate with us.

Mr. Panos Diallinas, Regional Director of Eurofast, presented to the participants the history and milestones of our Organisation, which is operating over 30 years in the market. The focus was on our “Partner Led from Start to Finish”, which is our philosophy and means achieving client satisfaction.

Our guests had the opportunity to discuss their concerns and challenges they face in the current financial climate with our representatives. This seminar was the first of many seminars of Eurofast to follow in Albania with the effort to inform clients and associates of issues which affect their operations and are critical to their success.

For further information as well as to download the seminar’s presentations, please visit our website www.eurofast.eu under the section events/ past events.
