

Barcelona, July 2011

Dear all,

It is a great pleasure and a high personal motivation for me to introduce you to the 3rd Worldwide Conference of Antea which will take place this year in the vibrant city of Madrid in our home Country!!

Members sharing and networking are the driving force behind the conference, so this is the perfect scenario where members worldwide meet together to share and discuss the new developments in our profession.

Topics that will be covered during the conference include: accounting standards updates, business regulations and best practices plus breakout sessions for member sharing.

The conference is open to members as well as to guest, particularly delegates from firms interested in joining the alliance and who would like the chance to network with existing members and learn more about the benefits of being part of ANTEA.

We are working to do our utmost to welcome you and I am sure that you will enjoy a very interesting experience.

And of course there is the city...there is a great cultural and leisure offer in Madrid that gives you a lot of possibilities, we are at your disposal for any information you might need!

I am looking forward to shake hands with all of you in Madrid!

Antoni Gómez Valverde
Chairman
