

Barcelona, March 2011

Dear members and friends,

I am pleased to invite you to the 3rd EMEA Meeting, which will be held in Amsterdam on May 6, 2011. Our last worldwide meeting in Buenos Aires last October was extremely satisfactory and attracted a large number of members and friends. We expect this conference to be as successful as the previous ones, both regional and worldwide.

Our organisation is growing and more initiatives, information and referrals have been developed. We also expect these meetings to include new members, thus improving our capability to serve our clients wherever their needs appear.

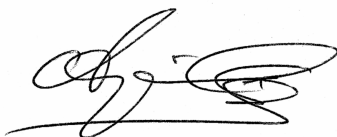

Following suggestions of attendees, on this occasion an important part of the conference will be focused on technical contents which will allow you to further discuss topics related with our profession. So the invitation to participate is open not only to partners but also to managers or other technical staff.

This conference will not only be an excellent opportunity for fruitful interchanges of ideas and information, but also for meeting friends and peers; sharing experiences with other professionals and meeting people are the most valuable aspects of these meetings.

We are also planning some social activities which will enable attendees to get to know each other in an informal atmosphere. Accordingly, in addition to the technical sessions, we will be hosting a welcome dinner on Thursday evening, a closing dinner on Friday and an optional joint social activity on Saturday morning.

I encourage you to join us... and enjoy Amsterdam in May!

With kind regards,

**Antoni Gómez Valverde**  
Chairman
